## A "SALAD" TALK BY MISS M. ROUBEHUSH

SHE CONTRIBUTES INTERESTING ARTICLE IN UNIVERSITY WEEKLY LETTER.

An interesting talk on "salads," and how to prepare them, is given by Miss Margaret Roubeshush, dean of the domestic science and art department of the University of Mississippi in an article which she contributes as the text matter of the University weekly letter issued at Oxford last week by Dr. J. N. Power, chancellor of the University.

Miss Roubeshush's description of how salads should be prepared make one's mouth water. She also gives some interesting receipts for French and Mayonnaise dressing, and what she has to say is sure to be read with unusual interest by the busy housewives.

The article of Miss Roubeshush in full is as follows:

"Salads made of green vegetables are valuable to the diet because they serve as appetizers as a source of mineral salts much needed in the body building, and for nutriment contained in dressing, and in small portions on the plate.

"Nearly all vegetables, meats and fruits may be used in the salads. Those made of substantial materials should be served with lunch or supper; those made of fruits and green vegetables, such as lettuce, celery, watercress, and cucumbers, should be served with dinner as they have little food value, except their potash salts and the dressing.

"Have the green materials cold and crisp, also dry. Arrange neatly and in small portions in the plate. See that the combination is harmonious in color and taste. For example never combine two such colors as found in shrimp and tomatoes. Contrasts are pleasing. If possible have some of the green as well as some of the white lettuce leaves for every plate. Strips of green pepper, red pepper or orange triangles look pretty on cream cheese, cauliflower or chopped egg salads. Use ingenuity in planning pleasing effects, and when successful make a record to be referred to for future use.

"The dressing commonly used with lettuce or other green salads is French dressing.

Receipt for French dressing:

"Three tablespoonful of cold olive oil; one tablespoonful of vinegar; one-half teaspoonful of salt; pepper, paprika or Worcestershire sauce as desired; beat or shake in a bottle until it thickens; keep on ice; reshake before using. Even on salads where mayonnaise dressing is used we first use French dressing, as on chicken salad. When used thus we call it, "Marinating" the salad.

Receipt for mayonnaise dressing: Yolk of one egg; one-half teaspoonful of salt; one-half teaspoonful of mustard (if desired); few grains of cayenne; three-fourths cup of cold olive oil; one tablespoon lemon juice; one tablespoon vinegar.

"Use a silver fork and a flat bottomed soup dish or plate. Mix egg, salt, cayenne and mustard well; add oil a drop at a time until the mixture thickens; thin alternately with lemon and vinegar. Add oil more rapidly stirring uniformly. Repeat until all oil is used. Keep on ice.

"Do not add dressing to salad until ready to serve.

"With fruit salads a tablespoon of gelatine dissolved and added to the materials and chilled keep them from floating in pieces."

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

## Nature Warns

### AGAINST USING CALOMEL

The sickening, nauseating feeling that follows the use of calomel is the natural result of disarranging your entire system. Doctors everywhere are agreeing that the action of calomel is much too strong, and leaves the body sick and weakened.

LIV-VER-LAX is a wonderful substitute for calomel, that has all of its good effects and none of its bad ones. It acts soothingly but thoroughly on the liver, cleansing it of bile, and ridding the entire system of stagnating poison.

LIV-VER-LAX is strictly a harmless vegetable compound, and is guaranteed to give satisfaction or your money will be refunded. Insist on the original, bearing the likeness and signature of L. K. Grigsby. For sale here at 50c and \$1.00 at John Laws.

## IT MUST BE TRUE

### COLUMBUS READERS MUST COME TO THAT CONCLUSION

It is not the telling of a single case in Columbus, but a number of citizens testify. Endorsement by people you know bears the stamp of truth. The following is one of the public statements made in this locality about Doan's Kidney Pills:

J. M. Mize, 1309 Fifth Ave., S., Columbus, says: "I was down with my back and was unable to get around. The pain and lameness across my loins unfitted me for any thing I couldn't stoop or lift, and the least exertion caused severe pain. My kidneys were out of order and caused me a lot of distress. In a short time after using Doan's Kidney Pills, I noticed their good effect. My back ceased to bother me and my kidneys acted properly."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mr. Mize had. Foster-Milburn Co., Props., Buffalo, N. Y.
